OHIO'S ELECTIONS ARE SECURE

VOTING EQUIPMENT IS CERTIFIED

Federal & bipartisan state experts test, examine, and certify all voting equipment as secure.

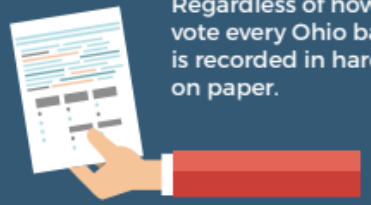
The U.S. Election Assistance Commission

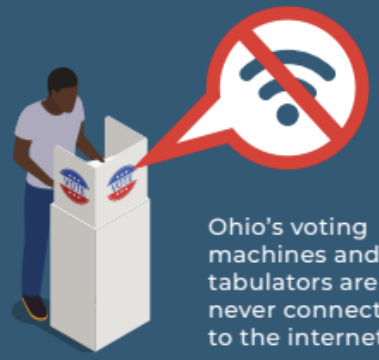
Ohio Board of Voting Machine Examiners

TESTING

Before voting begins, voting machines and tabulators go through a full battery of logic and accuracy testing by a biparisan team to ensure they work properly and have not been manipulated.

Regardless of how you vote every Ohio ballot is recorded in hard-copy on paper.





Ohio's voting machines and tabulators are never connected to the internet.

SAFELY STORING VOTING EQUIPMENT

Ballots and machines are all locked with tamper proof seals and stored behind double locked doors that may only be accessed when unlocked together by Republican and Democratic election officials.

AUDITS ENSURE ACCURACY

Throughout the election, boards reconcile voter lists and ensure no votes were counted twice. Any attempts to do so are referred for prosecution.

After an election, every county conducts a post-election audit. All audits are open to the public.

STATEWIDE RESULTS SHOW A 99.98% ACCURACY RATE IN THE 2020 PRESIDENTIAL ELECTION

(09/2021) SOS 2278 Printed In-House

BALLOTS STAY SECURE

Each of Ohio's 88 county boards of elections has **TWO REPUBLICAN** members and **TWO DEMOCRATIC** members. Any handling of ballots or voting equipment must take place by bipartisan team of election officials.

All precincts are staffed by a bipartisan group of poll workers and open to the media and poll observers.

VoteOhio.gov

Absentee voters can track the status of their ballot just like a package at VoteOhio.gov.

Absentee voters must then complete and sign the identification envelope.

To vote absentee, a ballot MUST be requested by a voter. Ohio does not send absentee ballots t every registered voter.
